

Getting Started: Sign Up

➤ Mission briefing

OK So you want to get going using Zang. Awesome! The first thing you need to do is to sign up. Couldn't be easier. You already have everything you need; this site and the desire to start developing your own Zang apps.

➤ Blast off

- Click the Sign Up button.
- It will ask you who you are. Enter your details.
- To prove that you really are you, click the I am not a robot button.
- In the pop-up window, select all images specified by the instructions, then click Verify.
- Click Sign Up and we will send you an email welcoming you to Zang.
- Now that you have your creds, login using your email address and the password you created.
- You're done. I told you it was easy.

➤ Touchdown

You just created your login credentials. Now you can come back anytime you like and pick up where you left off.

You have been given a Trial account, with no time limit.

We have also given you \$3 in site credits to help launch your career as a Zang app developer.

➤ Next mission

- Upgrade your account with Production Access.
- You may want to attach a telephone number to your account.
- Once you get the hang of it, top up your account using Add Funds.
- Create scripts using the inboundxml editor and attach them to your numbers.
